

OUR QUALITY POLICY

As employees of ANADOLU TIP Teknolojileri A.S., a worldwide Turkish Company acting in health field, we adopted:

To submit any reliable products to its field at any time by adhering to Human Health and Legal Regulation,

To keep customer satisfaction at top level at any time,

To meet demands and requirements of customers in time and completely,

To make no concessions to high quality under any circumstances,

To follow any developing technologies in its field, and to be a leader at any time in Turkey,

To give importance to after-sales service,

Not to be contented with keeping current situation, and to adopt to learn and improve continuously at any time,

To move its quality targets forward more in every year,

To become a company, which customers, directors, employees and suppliers are happy.

As management, we are committed to providing all the resources necessary for the operation of our Quality Management System, and we are aware of the diligent efforts we will make to maintain its effectiveness by complying with the requirements of our Quality Management System.

Remember that achieving our goals is possible through teamwork, effort, and belief.
